Summary

Computer Engineering student with strong foundations in Java, Object-Oriented Programming, Data Structures & Algorithms, DBMS, and Full-Stack Development. Hands-on experience through internships and projects involving Java, Python, React, Node.js, and AI-based applications. Passionate about solving real-world problems and developing scalable software solutions.

Technical Skills

- **Languages:** Java, Python, JavaScript, SQL
- **Frontend:** HTML5, CSS3, React.js, Bootstrap
- **Backend:** Node.js, Express.js
- **Core Concepts:** OOPS, Data Structures & Algorithms, DBMS, REST APIs
- **Tools & Platforms:** Git, GitHub, Firebase, Tableau, Power BI
- **Databases:** MongoDB, MySQL

Education

- **BE in Computer Engineering-** Pillai HOC College of Engineering & Technology (2023-2026)
- **Diploma in Computer Engineering-** Pillai HOC Polytechnic (2020 - 2023) – 79.60%
- **SSC Xth-** KES English Medium School Pen (2019 – 2020) – 83.60%

Experience

Python Intern | Dcodetech | Jul 2022 – Aug 2022

Worked on Python web scraping projects for data extraction and automation using libraries like BeautifulSoup and Requests.

Web Developer Intern | Prodigy Infotech | Jun 2024 – Jul 2024

Developed responsive web applications using HTML, CSS, and JavaScript, including a pet shop platform and stopwatch application.

Projects

- **AutoEval – AI Based Grading System**
Developed an AI-powered grading platform using React.js, Node.js, Python Flask, and SQLite with NLP-based evaluation, role-based dashboards, and automated feedback generation for text-based assignments
- **Kaushal Setu (Job Portal)**
Led a project using the MERN stack to help local job seekers, showing an ability to work in a "team environment"
- **Medicine Recommendation System (ML-Based)**
Built an ML-based medicine recommendation system using Decision Tree to recommend medicines from user selected symptoms data.

Achievements & Certifications

- Participated in HACKCELESTIAL 1.0 hackathon and led a team in developing AlumniFusion networking platform (Pillai College of Engineering)
- Completed Deloitte Data Analytics and TATA Cybersecurity Job Simulations
